Average amount per capita at 13,000 population	47¼ gallons

Rainfall for the year	45.07 inches
Average for 23 years	36.52 inches

The rainfall in 1937 was the largest in the past 23 years, and the smallest was 28.53 inches in 1930; however a large precipitation does not always mean plenty of water during the summer months; our records show that if we have a large precipitation the first four months of the year, it is well to be prepared for a large consumption during the hot dry summer months.

I fear we shall have to seek another supply as so many towns and cities in New England have done in the past ten years. In most instances pure water in abundance has been found in driven or drilled deep wells. The dug wells on Kelsey Island are not worth considering as a water supply; there is an abundance of water, but the iron content is so high, that a plant to treat this water and make it potable is really prohibitive.

In 1935 we completed the Rice Reservoir, giving us 40,000,000 gallons more storage; June 1st, 1936 the Reservoir was full, Sept. 1st it was empty and our other storage was down to 52,000,000 gallons. Our low point in storage in 1936 was 24,000,000 gallons. If the Rice Reservoir had not been built in 1935, we would have had no water in our Mains for three weeks or would have been using water from the Kelsey wells. In 1937 the rains came more to our advantage; our lowest point reached 53,000,000 gallons: we also used 16,500,000 gallons more of water this year than in 1936: at this increased rate of consumption what are we going to do for more water?

REPORT OF TRUSTEES OF FISKE FREE LIBRARY

To the Trustees of Fiske Free Library:

The "recession" seems to have struck libraries as well as business, so that we as well as libraries in general have to report a decrease in circulation. The number of books circulated this year was 77,852 which is the smallest number since 1929. The loss in circulation was more noticeable during the first part of the year when better times and more employment left less leisure time for reading. When the shops went on short time there was a noticeable increase in the number of readers, especially in the reading room.

It is rather hard to find the exact cause for the decrease but at least there are two points upon which most librarians agree, less leisure and a depleted stock of books owing to inadequate book funds over a period of several years. 1035 books have been added of which 239 were given. Many of these books were replacements so the actual number of new books was not as many as usual.

Many books which we were unable to supply have been borrowed from the State Library and we have borrowed two lots of books from the Public Library Commission.

There is no decrease in the use of the Reference room, rather there have been more requests for material than formerly.

The usual activities have gone on and we have helped as best we could schools, clubs, and all others who have made special requests. Books have been sent to the County Home, Schools, Frances J. Tolles Home, C. C. C. Camps, Rural Women's Reading Club, Congregational Reading Club and the Newberry Library.

Two library conferences have been attended. The N. H. L. A. at New London and a district meeting at Charlestown. Miss Mildred Converse attended the two week Summer School session at Manchester.

Worthwhile books are brought to the attention of the public through the medium of table exhibits. Last year we had at various times throughout the year special tables for Boy Scout reading, books of Travel, books for gardeners, books for Lenten reading and novels of distinction. The Caroline Stoughton Bookshop loaned some of their books to supplement our own for "Good Book Week." Another well patronized and extremely interesting exhibit was the collection of photographs displayed by the Claremont Camera Club. The Campfire Girls had an exhibit of the dolls they dress every year for Christmas giving.

New magazines in the Reading Room are:—

The Bulletin of the Pan-American Union.
Advance, given by Rev. Chas. Dunn.
Field and Stream, Outdoor Life, and Science Digest, given by Miss Mary Butler.

Miss Anna Lewis has recently finished indexing the records of Union Church. These cards are now in the Library and will be of great value to anyone looking up these records.

There have been several additions to the Historical Room by gift and loan.

Ridgeway pitchers—one loaned and one given—Mrs. Henry King.
Powder horn—Mr. Wm. Fifield.
Birds' eggs—Mrs. B. L. Stebbins.
Hand-painted silhouette, very rare, loaned by Mrs. Barbara Boardway Goodwin.
Godfrey Stevens & Co.—Mr. E. J. Rossiter.
order for merchandise.
Saddle over 100 years old—Mr. Von McPherson.
Old books—Mr. C. D. Whitney.
Presentation copy of Scott's Poetical works to Wm. H. Chaffie, Co. E. 12th Reg. N. H. Vol. Sept. 22, 1862.—Mr. Herbert C. White.

There have been many gifts during the year, among the most noteworthy are:—

The John L. Farwell gift of pictures.
Books, bookcase and oil painting from the Walker Estate.
Religious books—Mrs. R. D. Hunter.
Forty Russian books—John Kazura.
Seventy-five books and puzzles—Mrs. Chas. French.
The Book of Dow—Miss Susan F. Dow and John W. Dow.

Many other welcome additions to the library have come from the Government, the State, individuals and associations.

Following is a list of givers:—American Legion Auxiliary; American Telephone & Telegraph Co.; Mr. Lawrence Archibald; Mrs. Hira Beckwith; Mr. Albert Benjamin; Crowell Publishing Co.; The Argus Press, Newport, N. CHIEF ENGINEER'S REPORT

To the Board of Selectmen:

Three hundred and thirteen still calls and 16 bell alarms were received at the Central Fire Station for the twelve months ending January 31, 1938 for a total of 329 alarms to which the fire department responded during the year. This was not far below last year's record total of 351, and well up to the average of any previous year. Still calls once more were instrumental in checking at an early stage blazes which otherwise might have necessitated bell alarms and caused more serious losses.

The 16 bell alarms for the year were as follows:

March 6—Box 47, 3:45 a. m., William Fluette home, 20 Chellis street.

March 7—Box 22, 10:20 a. m., Paul Messier home, 190 Main street.

March 31—Box 31, 10:20 p. m., Dartmouth Woolen Mill.

May 5—Box 47, 10:30 a. m., brush fire near Elm street.

May 12—Box 29, 8:30 p. m., Howard Ball automobile, Pleasant street.

June 3—Box 17, 4:35 p. m., Gellis gas station, Pleasant street.

July 3—Box 19, 6:30 p. m., Mrs. Martha Roberts estate, 174 Sullivan street.

July 29—Box 45, 2:55 p. m., false.

August 10—Box 24, 7:55 a. m., Charles Fay home, 80 Sullivan street.

November 1—Box 22, 5:30 p. m., S. E. Heller home, 116 Main street.

November 1—Box 47, 9:45 p. m., Lambert estate, 46 Fremont street.

November 3—Box 17, 6:30 a. m., Louis Dion, Pleasant street.

November 10—Box 45, 10 p. m., Beaudry block, 58 North street.

December 29—Box 47, 9:03 a. m., Paul Mineau home, 153 North street, corner Chellis.

January 21—Box 47, 9:30 a. m., Joseph Bissonett home, 83 Fremont street.

January 31—Box 8, 10:55 p. m., William McKenzie home, Slab City.

The report of all brush and woodland fires will be found under the Forest Fire Warden's report.

HYDRANTS

No new hydrants have been added during the last twelve months to the town system, which so far has proved itself adequate to provide any emergency service which has arisen.

FIRE ALARM SYSTEM

No new fire alarm boxes have been installed during the past year. The fire alarm system, due to improvements made in recent years, is now at a high level of efficiency and is being maintained at that level. The new compressed air whistle, recommended by Chief Sears last year to replace the steam whistle at the Claremont Paper company plant, has been installed at the Central Fire Station and is considered a marked improvement over the previous arrangement.

RECOMMENDATIONS

I would recommend this year that an appropriation be voted sufficient to cover cost of reroofing of the Central Fire Station, or repairs to the cornices, and of minor miscellaneous repairs to doors and other parts of the building, of which it has been found to be sadly in need.

I would recommend also the purchase of a portable forest fire pump for the use of the department, which I believe would prove invaluable in combating farm fires and in many cases blazes in more thickly settled residential sections as well, in addition to its employment against brush and forest conflagrations.

I take this occasion to voice my appreciation of the splendid cooperation accorded me by members of the department during my period of service as its head, and to bespeak for my successor the same loyalty and devotion to duty which has always characterized the work of the fine group of men who safeguard the interests of the community. I appreciate also the cooperation of residents generally in making easier the work of the department in many ways, and of the telephone company for another year of special emergency service.

P. J. SHERIDAN, Chief Engineer.

FIRE WARDEN'S REPORT

For the Year 1937

Claremont, N. H., Jan. 24, 1938.

To the Selectmen and Citizens of Claremont:

I would respectfully report there were eight Forest Fires in the Town during the past year:

The fires were as follows:

HEALTH OFFICER'S REPORT

To the Honorable Board of Selectmen:

I herewith submit my annual report, covering the activities of the health department for the fiscal year of 1937. The year's health record has, for the second successive year, reached a new low figure in the number of cases of communicable diseases in Claremont, with a corresponding low mortality rate in this classification.

A total of 141 cases of communicable diseases were reported as follows: Chicken pox, 24 cases; measles, 17; German measles, 2; mumps, 13; pneumonia, 28; scarlet fever, 7; tuberculosis 16; whooping cough, 6; venereal disease, 26.

The only deaths in the list of communicable diseases were one death from tuberculosis, and seventeen from pneumonia. The apparent high percentage in the death rate from pneumonia is due to the fact that not all cases of pneumonia were reported, while all deaths were.

Prompt reporting of every case of communicable disease aids materially in its control. Where no physician is called on a case, it becomes the duty of every citizen who knows, or may have reason to suspect, the existence of any case of communicable disease in his, or any household, to make sure that the Board of Health is notified at once.

Immunization of children for the prevention of diphtheria has been continued as in past years. This year free inoculation was given 238 children of school and pre-school age.

The fact that Claremont has not had a single case of diphtheria for more than six years, that our school children are now practically 100 per cent immune from this disease, is most convincing proof that the work started in 1925 for the eradication of diph-

theria has been a most successful health project and well worth the money expended.

Sanitation, an important part of the duties of the health officer, and one that covers a large and varied field of activity, is that of sanitation. A part of this program is the frequent inspection of food stores, eating establishments, etc.

Regulations now require that all eating utensils, drinking glasses, etc., used in restaurants, lunch rooms, or any place where food or beverages are served, shall after each use, be cleansed by washing with soap and water, then be subjected to a thorough disinfection before being used again.

The Barber Shop Law. This law, enacted at the last legislative session, requires that health officers regularly inspect all barber shops located in the town or city within the officers' jurisdiction, and to prosecute violations of this law or regulations pertaining thereto.

Water Analysis. Twenty-two samples of water have been forwarded to the State Laboratory for bacteriological analysis. Four samples were from the Grannis system (public) at West Claremont. 18 samples were from private springs and wells.

Milk. Sixteen samples of milk, collected from producers and dealers, were forwarded to the Laboratory.

Nuisance Complaints. Approximately 125 complaints of this nature were received, covering various unsanitary conditions and practices. All complaints are investigated and nuisances ordered abated whenever conditions were found to substantiate the complaints, and the removal of a nuisance was possible.

A special effort has been made during the past year to stop the dumping of rubbish into Sugar river, which has become a public dumping ground by many of those living along the river. The practice has been stopped to some extent, and more drastic action will be taken in the future, if conditions are not further improved.

We wish at this time to thank the physicians of Claremont, nurses and others for the cooperation the Health Department has received from them during the year.

Respectfully submitted,

WILLIAM P. PRESCOTT, Health Officer.

January 31, 1938.

REPORT OF THE NEW HAMPSHIRE TUBERCULOSIS ASSOCIATION CLINIC AND NURSING SERVICE IN CLAREMONT, 1937

The New Hampshire Tuberculosis Christmas Seal Sale of 1936, provided the necessary funds to continue the regular diagnostic clinic and nursing services for the people of Claremont, and the following report gives a brief outline of the work accomplished during the year:

No. of clinics held	8
No. of persons examined	192
No. of new persons attending the clinic	102
No. of new positive cases of tuberculosis found	16
No. of new suspicious cases of tuberculosis found	18
No. of contact families under supervision	132
No. of positive tuberculosis cases supervised	154
No. of suspicious tuberculosis cases supervised	69
No. of patients cared for at Sanatoria	12

Through the continued cooperation of the Claremont General Hospital in providing Xray service for clinic patients at a minimum cost, it has been possible to make earlier diagnosis in many cases of tuberculosis, placing patients under proper treatment, and thereby hastening their recovery.

Again we take this opportunity to thank all who have assisted in any way to maintain this service for those suffering from tuberculosis.

N. H. TUBERCULOSIS ASSOCIATION,

CLUFFIE M. GOBIE, R. N., Field Nurse.

AMERICAN RED CROSS

To the Honorable Board of Selectmen:

During the year 1937 the total number of home visits made was 3,276 and may be classified as follows:

Surgical—459
Medical—658
Deliveries—4
Maternity—1,020
Communicable—113

Health Supervision:

Infant—744
Pre-school—178
Social Service—100
Total calls—3,276

These visits were paid for as follows:

John Hancock Life Insurance Company	238
Metropolitan Life Insurance Company	989
Paid	138
Part paid	45
Free	1,866
	3,276

Birth certificates were delivered from the Town Clerk's office to respective babies' homes.

Babies were weighed twice monthly at the Red Cross office. A class in Home Hygiene and Care of the Sick was taught. Office hours were held daily from 1 to 2 p. m.

Respectfully submitted,

EDITH SLOAN, R.N.

REPORT OF MILK INSPECTOR

Approximately 300 visits have been made by the milk inspector in and during the past year.

Several days were spent in going over the dairies with the State Board of Health, and a very good report was made by them. One dairy pasteurized their milk during an infection period in their herd. About 800 samples of milk have been tested in our laboratory and infected cattle have been destroyed. No tuberculosis has been found thus far in cattle supplying milk to Claremont. The entire supply has been put under the N. H. Milk Board.

No human disease has been traced to our milk supply this year.

Again I wish to thank the dairymen and public for their fine cooperation. We have 2 pasteurized plants at present time, 2 Grade A plants and about 110 producers and dealers selling milk in Claremont, N. H.

Respectfully submitted,

LEONARD R. HAUBRICH, V.M.D.,
Milk Inspector.

REPORT OF BUILDING INSPECTOR

For the Year Ending December 31, 1937

To the Honorable Board of Selectmen:

There were 17 new houses, 25 garages, 2 stores, 2 filling stations, and 7 poultry houses. The rest of the building done has been for alterations and repairs. There were 250 permits issued. The estimated cost of building operations was $123,890.00.

Respectfully submitted,

W. E. ROUNDY, Building Inspector.
